Discussion About Meerschmum.

To the Editor of the Eagle:—Dear Sir:—After a good deal of discussion about meerschmum pipes, I informed my friends that through the columns of Sunday's Eagle I would give them such information as I could gather, up to that time. After making inquiries from manufacturers and dealers I have decided to submit the following, as I believe it to be the best information on the subject, written by Francis Elder of Chicago, Illinois:

Enthusiastic Converts

There are thousands of them who believe as this Woman Does.

Mrs. Ida Knecht of Butte, Montana, is a most enthusiastic convert to the virtues of Stuart's Dyspepsia Tablets as a cure for obstinate stomach trouble. She says: "I had poor digestion nearly all my life. It now seems to me that for years I never knew what it was to be hungry, to have a good, natural appetite."

"I was troubled with gas in stomach, causing pressure on the heart, with palpitation and short breath. Nearly everything I ate would come up, and I was almost constantly nervous. I had cramps in the stomach which almost resembled agonies."

"Doctors told me I had catarrh of the stomach, but their medicines would not reach it, and I would still be a sufferer. I had lost all my appetite, and I was in a state of nervous prostration. I decided to try Stuart's Dyspepsia Tablets."

"I knew they were an advertised remedy, and I didn't believe anything I read about them, as I had no confidence in advertised remedies, but my sister living in Pittsburg wrote me last spring, telling me how Stuart's Tablets had cured her little daughter of indigestion and loss of food and appetite, and I hesitated no longer."

"I bought a fifty-cent box at my drug store and took two of the large tablets after each meal and found them delightful to take, being as pleasant to the taste as a sugar candy. Whenever during the day or night I felt any pain or uneasiness in the stomach or about the heart I took one of the small tablets, and in three weeks it seemed to me as if I had never known what stomach trouble was."

"I began Stuart's Dyspepsia Tablets in the home, and every member of our family has taken them occasionally after a hearty meal or when any of us have a pain or ache in the digestive organs."

Mrs. E. H. Davis of Hampton, Va., says: "I suffered five years for dyspepsia, but in two months I got more benefit from Stuart's Dyspepsia Tablets than in five years of the doctor's treatment."

"Stuart's Dyspepsia Tablets is the natural as well as the simplest and most powerful remedy for all forms of indigestion, catarrh of stomach, biliousness, heartburn, bloating after meals, eructations, heart trouble."

"Stuart's Dyspepsia Tablets is not a cheap cathartic, but an active, powerful remedy, containing the secret and distinctive which every weak stomach needs, and they cure indigestion because they digest the food eaten and give the weak stomach, overworked stomach a chance to rest and recuperate."

"Stuart's Dyspepsia Tablets are sold in every drug store in the United States, Canada and Great Britain."

MORE TROUBLE FOR GOVERNOR OF OKLAHOMA

His Wife Will Investigate the Asylum Charges.

HER REPORT AWAITED

Expectantly, as She Will Tell All When She Returns.

Guthrie, O. T., Nov. 16.—The declaration of Mrs. William Jenkins, wife of Governor Jenkins, that she proposed to investigate the Oklahoma insane asylum, and to ascertain for herself whether there was any truth in the stories of cruelty and starvation of patients practiced there by the present management, caused a wave of expectancy to pass over the people of a territory who know Mrs. Jenkins, and are cognizant of her unflinching devotion to the cause of all unfortunate, and her vigorous manner of expressing herself on all occasions when wrong has been done, especially to those who are under the ban of the law, or are deprived of their liberty for any cause.

Four days coming to this city, some time ago, Mrs. Jenkins has been consistent in the regular line of her charitable work she had marked out for herself. Notwithstanding the fact that she held one of the highest social positions in this city, she at once began holding religious meetings at the jails and prisons, and doing all in her power to alleviate the condition of these unfortunate. She frequently attended the Salvation Army meetings here, and always took a prominent part in the speaking and singing. She accepted invitations to preach in churches all over the territory, and the theme of her discourses was always to assist the fallen and help the needy. She would tolerate any sin, with just an admonition, and a request to do better next time, except the mismanagement of the unfortunate—this she has catalogued as one of the seven deadly sins. Belonging to the Quakers or Friends, she was anxious for a house of worship, and when the Congregational church of this city declined, she at once leased the church and now holds regular services there.

The fact that her husband was made the chief executive of the territory made no difference in the life work of Mrs. Jenkins. The work done and the ideas formed while in private life still dominate her as the first lady of the territory, and she is even more devoted to the cause of the poor and distressed than ever. She is at present at Fort Worth, Texas, where she went on an invitation to address the state convention of the W. C. T. U., but she declared before she started that she should stop on the way and thoroughly investigate the asylum at Norman.

The declaration of Mrs. Jenkins, who was declared of ward four of the asylum, that the patients were starved and mistreated, came as a personal blow to Mrs. Jenkins and she feels it her duty to look into the matter and ascertain the truth or falsity of the charges, not as the wife of the governor, but in keeping with the doctrine she has preached and practiced ever since coming to the territory and for all her life previous. If Keith's statements are true, Mrs. Jenkins will proclaim the fact to the world, regardless of what it hits or hurts, and will demand reform. If they are not true she will just as vigorously declare the author of the charges a slanderer and a liar.

The result with a lively interest. Washington, Nov. 16.—The latest gossip here in connection with the Oklahoma governorship connects United States District Attorney Horace Speed with the possible succession. It is related here that the department of justice has suggested to the department of the interior that Speed would make an excellent governor.

The department of the interior is said to look with much favor upon the suggestion. The general impression is that Governor Jenkins will have to explain more satisfactorily than he has done, his connection with the asylum matter or he will be in serious danger of removal. One source of information says that Secretary Hitchcock, formerly Governor Jenkins' nearest adviser, has completely changed his opinion. It is exceedingly difficult to get any information on the subject. The officials of the department of the interior absolutely refuse to discuss the matter. It is understood

GAVE UP LIBERTY

In Preference to Turning Against Her Husband.

New York, Nov. 16.—Mrs. Eugenia A. Baker, the young woman who was arrested last month on a charge of passing worthless checks, yesterday sacrificed her liberty for the sake of the "gang" whose love she was.

She pleaded guilty before Judge Newman in the court of general sessions rather than betray those who were behind her in her bogus check operations.

She was sentenced to the reformatory for women at Bedford, N. Y. If her behavior is satisfactory the minimum time she will have to remain there is four months. The maximum period she could be kept there is five years.

Had Mrs. Baker turned State's evidence and revealed the names of her confederates it is quite probable that sympathy in her case would have been suspended.

When the young woman—who is only twenty-two—pleaded guilty Judge Newman said to her:

"You have not placed yourself in a favorable light with the court, for you have not asked the judge to let you remain where the confederates you undoubtedly had. When you were arrested before and tonight were sent to the reformatory, you were sent there for the same reason."

Former Judge Smith, of the young woman's counsel, admitted the truth of this, but said the only person who had been helped by his client's crime was her husband.

"She married him last June in Allegheny, N. Y.," said Judge Smith. "She had been a strange and peculiar character. While still in New York with him, and before they were married, she began to flirt."

"It is evident, this case having closed at Allegheny, I know this to be no mistake. But in her case she had done bad things without any attempt to hide her actions."
